Dear Bev,

Thank you for your thoughtful letter about the "Y" dinner. You did a great job in organizing it. You kept a complicated program moving right along, and all in all it was a pleasant return home for both Barbara and me.

Thanks for inviting us.

Yours very truly,

George Bush

Dear Mr. Bush:

Without question the 90th Annual Meeting of the Houston YMCA was one of the best in several years. Our attendance far exceeded any held in this decade and we felt the general attitude was positive and receptive.

Your participation certainly was a significant factor in our success. We are grateful that you could share some time with us and we are especially appreciative for your permitting us to encroach on time with your new grand-child.

I have heard a great deal about you since I have been in Houston and I am happy I had the opportunity to meet you. This country is most fortunate to have your leadership in an agency that is so strategic to our longevity. We are grateful for you and to you.

Cordially,

Bev R. Laws
General Director
